ESTABLISHED IN FEBRUARY 2022, WITH A POWERFUL VISION OF PROVIDING GENUINE HEALTH AND WEALTH SOLUTIONS TO COMMON PEOPLE, VISHVAM AYURVEDA PVT. LTD (VAPL) TODAY HAS EMERGED AS ONE OF THE MOST SUCCESSFUL AND FASTEST-

With a professional and well-experienced promoters who truly understand the soul of the now-regulated direct selling business, strong network of corporate and regional offices at strategic locations across India, excellent products and services with world-class packaging, affordable pricing and amazing health benefits for its loyal customers and a generously rewarding business plan clubbed with a world-class training and support system, VAPL is all set to become a major force to reckon within the Indian direct Selling landscape. Essentially, with a humble beginning in 2022, VAPL started its business operations from VADODARA - Once the business capital of India, it was renowned for chemical-free manufacturing and pesticide-free wellness products through own manufacturing and selling them through traditional sales network. With perseverance and painstaking efforts, VAPL fully mastered the art of manufacturing premium wellness products with scientifically validated ingredients at an affordable price that would give desired health results for its valued customers. Low and behold, VAPL was extremely successful in winning people's trust as its products were highly appreciated with repeat orders, mind you, without any monetary benefits. Encouraged by this over-whelming response and its own progressive quest to expand its operational base across India, VAPL forayed into the direct selling business on 10 FEB 2022. Today, within a short period of time, the success story of VAPL - an ISO 9001: 2008 certified company, includes strategically owned manufacturing plants, over 300 quality products across health & wellness, categories, over 3 lakhs customers across every state and union territory of India,
